Appendix B1 – Slow Over Rate Penalty (SORP) – Calculations Required by 13.4.4 - First and Second Grade Only

Playing Condition 13.4.4 requires the umpire to advise the captains of the

- (a) **total time for play = “Nett Time” in 1. below**
- (b) **the overs to be bowled = Number of Scheduled Overs in 2. below**
- (c) **time from when SORP may apply = “SORP Time” in 4. Below.**

N.B. These are shown in the larger font on the right side of the page below

Calculations Required before Play Begins

1. Nett Time available for play in minutes:

- a. Gross Hours of play: _____ Gross Time
 - b. Example 1.00pm to 5.30pm (Full Day) 250 mins
 - c. Less Breaks
 - (i) Less Tea (20 mins) 20 _____ mins
 - (ii) Less Drinks (6 mins = 3Dmins each x 2). 6 _____ mins
 - (Normal 70 over day’s play) 244 mins _____ mins
 - (iii) Other Breaks _____ mins
- NETT TIME → _____ = A mins. (Nett Time)

2. “Scheduled Overs” to be bowled - based on the Nett Time and using Appendix A

_____ “Overs to be bowled”

Determine the “Additional SORP Time” from P.C. 13.4 - Table 1. _____ = B. Mins
Based on the “Scheduled Overs” in 2. above,

3. Time to be played before SORP applies = A mins + B Mins.

_____ = SORP applies from.

Appendix B2 – Slow Over Rate Penalty (SORP) – Determining the Amount of Slow Over Rate Penalty to Apply

SCENARIO 1 - In match where the “70th Over for the day is bowled

This Calculation is used in the following circumstances:

- a. First or Second Grade Match
 - b. An Official Umpire is appointed to match.
 - c. That innings on that day extended for 120 minutes, or more, of playing time.
 - d. That innings is concluded on that day by the bowling of the 70th over (70th over as per the requirements of Playing Condition 12.1 and 12.3)
-
1. In this scenario the information provided by the umpire under Playing Condition 13.4.4 (appendix B1) is the basis for determining whether SORP applies. That is:
 - i. total time for play = “Nett Time”
 - ii. the overs to be bowled = Number of Scheduled Overs
 - iii. time from when SORP may apply = “SORP Time”
 2. Where the last of the required number of overs for the day (ii. above) has commenced before the SORP time (iii. above), SORP will NOT apply.
 3. Where the last of the required number of overs for the day (ii. above) has NOT commenced before the SORP time, a SORP of five runs will apply to every remaining over yet to be commenced by the “SORP time”.

Example

1. Play is due to commence at 1pm. Due to rain at the time (or condition of field) play commences at 1.50pm. Fifty minutes of play are lost.
2. Appendix 1 shows that 15 overs are lost.
3. As a result, when play starts at 1.50pm, the hours of play for the Day will be 1.50pm to 5.30pm - leaving 194 minutes playing time (3 hrs 40 less 20 minutes for tea and less 3 minutes for one drink break) - A minimum of 55 overs to be bowled – (see Appendix A).
4. Team A bowls for the remainder of the day. They have 194 minutes plus an additional 24 minutes to bowl the overs.
5. In this scenario:
 - total time for play = “Nett Time” is 194 minutes.
 - the overs to be bowled = Number of Scheduled Overs is 55 overs.
 - time from when SORP may apply = “SORP Time”. SORP will apply from 5.54pm.
6. In this scenario:
 - if the last of the 55 overs due (i.e.; the “70th” for the day (55 bowled plus 15 overs lost) commences before 5.54pm no SORP will apply.
 - If the last of the 55 over commences at 5.5pm SORP will apply to one over.
 - If the 53rd over commences at 5.54pm SORP will apply to three overs.

Appendix B3 (Page 1) – Slow Over Rate Penalty (SORP) – Determining the Amount of Slow Over Rate Penalty to Apply

SCENARIO 2 - In a completed innings for that day where the last over bowled was not the “70th over for the day

This Calculation is used in the following circumstances:

- a. First or Second Grade Match
- b. An Official Umpire is appointed to match.
- c. That innings on that day extended for 120 minutes, or more, of playing time.
- d. The last over of that innings on that day was NOT the “70th over for the day is bowled - (70th over as per the requirements of Playing Condition 12.1 and 12.3)

In these scenarios the Chart A below will be used.

The question for the umpire - Did the bowling team bowl the overs bowled within the total time available as per the second column?

An example of how it is used:

Team bowls from 1.00pm to 4.04 pm and bowled 41 overs

1. Umpire calculates playing time used:

<u>Gross time:</u>	3 hours 4 minutes	= 184 minutes
<u>Less Tea:</u>		= 20 minutes
<u>Less Drinks Break (x 1)</u>		= 3 minutes
<u>Nett Time:</u>		= 161 minutes

2. In the example, Chart A below the shows that they should have bowled 41 overs in 160 minutes.
3. As the innings time was took 161 minutes a Slow Over Rate Penalty of 1 over (5 runs) would be applied, subject to the umpire’s view re whether the number of overs bowled was “reasonable”. See 13.4.14.

Appendix B3 (Page 2) – Slow Over Rate Penalty (SORP) – Determining the Amount of Slow Over Rate Penalty to Apply

Chart A - Used when the innings is completed for the day and the last over bowled was not the “70th” over for the day

The first column refers to the number of overs bowled in the innings on that day.

Appendix C - LAWS OF CRICKET REFERENCES (Page 1)

All Extracts are from the Laws of Cricket 2017 Code 3rd Edition – 2022)

Playing Condition 2.1 Fitness for Play refers to Laws of Cricket 2.7 and 2.8

1. Playing Condition 2.1 Fitness for Play refers to Laws of Cricket 2.7 and 2.8

2.7 Fitness for play

2.7.1 It is solely for the umpires together to decide whether either conditions of ground, weather or light or exceptional circumstances mean that it would be dangerous or unreasonable for play to take place.

Conditions shall not be regarded as either dangerous or unreasonable merely because they are not ideal.

The fact that the grass and the ball are wet does not warrant the ground conditions being regarded as unreasonable or dangerous.

2.7.2 Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.

2.7.3 Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.

2.7.4 If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batters of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be dangerous and unreasonable for play to take place.

2.8 Suspension of play in dangerous or unreasonable circumstances

2.8.1 All references to ground include the pitch. See Law 6.1 (Area of pitch).

2.8.2 The Umpires shall immediately suspend play, or not allow play to start or to recommence, if either umpire considers that the conditions of ground, weather or light, or any other circumstances are either dangerous or unreasonable.

2.8.3 When there is a suspension of play it is the responsibility of the umpires to monitor conditions. They shall make inspections as often as appropriate, unaccompanied by any players or officials. Immediately the umpires together agree that the conditions are no longer dangerous or unreasonable they shall call upon the players to resume play.

2. Playing Condition 7.1 Crease Markings refers to Laws of Cricket 7.4

7.4 The return creases

The return creases, which are the inside edges of the crease markings, shall be at right angles to the popping crease at a distance of 4 ft 4 in/1.32 m either side of the imaginary line joining the centres of the two middle stumps. Each return crease shall be marked from the popping crease to a minimum of 8 ft/2.44 m behind it and shall be considered to be unlimited in length.

3. Playing Condition 11.1.5 Tea Break refers to Laws of Cricket 11.9

11.9 Agreement to forgo intervals –

At any time during the match, the captains may agree to forgo the tea interval or any of the drinks intervals. The umpires shall be informed of the decision. When play is in progress, the batters at the wicket may deputise for their captain in making an agreement to forgo a drinks interval in that session.

Appendix C - LAWS OF CRICKET REFERENCES (Page 2)

4. Playing Condition 27.1.2 Movement by Wicketkeeper refers to Laws of Cricket 27.3

27.3 Position of wicket-keeper

27.3.1 The wicket-keeper shall remain wholly behind the wicket at the striker's end from the moment the ball comes into play until a ball delivered by the bowler touches the bat or person of the striker or passes the wicket at the striker's end or the striker attempts a run.

27.3.2 In the event of the wicket-keeper contravening this Law, the striker's end umpire shall call and signal No ball as soon as applicable after the delivery of the ball.

5. Playing Condition 28.2.2 Movement of any Fielder Other than the Wicketkeeper refers to Laws of Cricket 28.4

28.3 Limitation of on side fielders

At the instant of the bowler's delivery there shall not be more than two fielders, other than the wicket-keeper, behind the popping crease on the on side. A fielder will be considered to be behind the popping crease unless the whole of his/her person whether grounded or in the air is in front of this line. In the event of infringement of this Law by any fielder, the striker's end umpire shall call and signal No ball.

6. Playing Condition 41.1 Bowling of dangerous and unfair non pitching deliveries refers to Laws of Cricket 41.7

41.7 Bowling of dangerous and unfair non-pitching deliveries

41.7.1 Any delivery, which passes or would have passed, without pitching, above waist height of the striker standing upright at the popping crease, is unfair. Whenever such a delivery is bowled, the umpire shall call and signal No ball.

41.7.2 The bowling of a delivery as defined in 41.7.1 is also dangerous if the bowler's end umpire considers that there is a risk of injury to the striker. In making that judgement the umpire shall:

- disregard any protective equipment worn by the striker
- be mindful of:
 - the speed, height and direction of the delivery
 - the skill of the striker
 - the repeated nature of such deliveries.

41.7.3 If the umpire considers a non-pitching delivery, or a series of non-pitching deliveries, to be dangerous under 41.7.2, when the ball is dead, the umpire shall repeat the No ball signal to the scorers and then caution the bowler, indicating that this is a first and final warning. The umpire shall also inform the other umpire, the captain of the Fielding side and the batters of what has occurred. This caution shall apply to that bowler throughout the innings.

41.7.4 Should there be any further dangerous such delivery by the same bowler in that innings, the umpire shall

- call and signal No ball
- when the ball is dead, direct the captain of the Fielding side to suspend the bowler immediately from bowling
- inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

Additionally, the umpire shall - inform the batters and, as soon as practicable, the captain of the batting side.

Appendix C - LAWS OF CRICKET REFERENCES (Page 3)

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.

41.7.5 The warning and action sequences in 41.7.3 and 41.7.4 are independent of those in 41.6.

41.7.6 If the umpire considers that a bowler deliberately bowled a non-pitching delivery, deemed to be unfair as defined in 41.7.1, then the caution and warning in 41.7.3 shall be dispensed with. The umpire shall

- immediately call and signal No ball.

- when the ball is dead, direct the captain of the Fielding side to suspend the bowler immediately from bowling and inform the other umpire for the reason for this action.

The bowler thus suspended shall not be allowed to bowl again in that innings.

If applicable, the over shall be completed by another bowler, who shall neither have bowled any part of the previous over, nor be allowed to bowl any part of the next over.

- inform the batters and, as soon as practicable, the captain of the batting side.

The umpires together shall report the occurrence as soon as possible after the match to the Executive of the offending side and to any Governing Body responsible for the match, who shall take such action as is considered appropriate against the captain, any other individuals concerned and, if appropriate, the team.
